Our Comprehensive Accounting Services

Overview of Our Accounting Firm Practice

At ADYZER®, we offer a full spectrum of accounting services tailored to businesses of all sizes. Our comprehensive approach ensures that each client receives personalized solutions to meet their unique needs, helping them streamline operations, maintain compliance, and achieve financial growth.

Our Key Accounting Services Include:

01

Outsourced Accounting Services

Efficiently manage your accounting functions with our professional outsourced solutions, reducing costs and enhancing operational efficiency. Our team specializes in bookkeeping on various software platforms such as QuickBooks, Xero, FreshBooks, Sage, Wave, MYOB, and Zoho Books. We have experience across multiple industries, including healthcare, construction, real estate, hospitality, manufacturing, retail, IT, and non-profit organizations.

02

Bookkeeping Services

We provide accurate, timely, and compliant bookkeeping services that offer a clear picture of your financial health. Our solutions are tailored to meet the needs of both small businesses and large enterprises, ensuring you have reliable data for decision-making.

03

Corporate Tax Accounting

Our expert tax planning, compliance, and preparation services optimize your tax strategy to minimize liabilities while ensuring compliance with all regulations. We are licensed by the CRA (Canada Revenue Agency) for tax advisory and filing in Canada, offering services including Notice to Reader (NTR), corporate tax returns, tax advisory, and handling CRA audits. We are also licensed by HMRC in the UK, allowing us to handle corporate tax returns and VAT returns.

04

E-commerce Accounting

We provide specialized accounting services for e-commerce businesses, including inventory management, revenue recognition, and transaction tracking to maximize profitability. Our current clients span Canada and the USA, including Amazon sellers, drop shipping businesses, eBay, WooCommerce, YouTubers and various other online platforms.

05

Payroll Management

Our end-to-end payroll services ensure timely and accurate processing while remaining compliant with local regulations. We support various payroll software such as ADP, Gusto, QuickBooks Payroll, and others. Whether your payroll needs are weekly, bi-weekly, or monthly, we customize our services to fit the specific needs of your industry and business.

06

Tech Startup Accounting Services for IT Hubs in the U.S.

As a tech startup in the fast-paced IT hubs of the United States, managing finances can be challenging, especially with rapid growth and ever-changing regulations. At ADYZER, we specialize in providing tailored accounting services that help tech startups navigate their financial operations efficiently, allowing you to focus on innovation and scaling your business.
